Index to Subject Matter

Abortion:
- the patient, the physician, and the law 18
- birth control usage among abortion patients 295

American College of Physicians, Kansas Chapter, issue:
- amphotericin B therapy 486
- anticoagulants 483
- bowel necrosis 466
- bronchial tree, direct visualization 481
- ECG monitoring, for dizziness, syncope, and chest pain .. 458
- esophageal moniliasis 470
- hepatitis: skin manifestations associated with Australia antigen 478
- psychiatry, open ward 475

American College of Surgeons, Kansas Chapter, issue:
- bladder replacement 404
- cardiopulmonary resuscitation 406
- cholangitis, primary sclerosing 400
- hypoglycemia 395
- hypothermia and surgery, carotid endarterectomy 412
- thoracic outlet syndrome 409

American Medical Association: actions of house of delegates 71, 381

Anesthesiology:
- anesthesia for fractured hips 500
- hypothermia and surgery, carotid endarterectomy 412

Appendages (see Skin)

Blood and lymphatics system:
- anticoagulants 483
- Hodgkin's disease 58

Cardiovascular system:
- abdominal aneurysm and persistent left inferior vena cava . 281
- amniotic fat embolism 441
- angina pectoris, selection for aortocoronary bypass 125
- cardiology, gallop rhythm 272
- cardiopulmonary resuscitation 406
- catheterization, bedside cardiac 54
- diabetes mellitus 333
- ECG monitoring, for dizziness, syncope, and chest pain .. 458
- echocardiography 284
- gastric ulcer perforated into pericardium 363
- hypothermia and surgery, carotid endarterectomy 412
- myocardial infarction and urolithiasis 503
- pericardial effusion 47

Dermatology:
- hepatitis, associated with Australia antigen 478
- melanoma, occult 497

Emergency care:
- cardiopulmonary resuscitation 406
- intensive care units in small hospitals 254

Endocrine system:
- adenomatosis 156
- aldosteronism, primary 259
- hypoglycemia 395
- thyroid carcinoma 345

Endocrinology:
- adenomatosis 156
- aldosteronism, primary 259
- diabetes mellitus 333

hypoglycemia ... 395
thyroid carcinoma ... 345
Gastrointestinal system:
bladder replacement ... 404
bowel necrosis ... 466
cholangitis, primary sclerosing ... 400
diabetes mellitus ... 333
esophagitis, reflux ... 343
gastric ulcer perforated into pericardium ... 363
hematuria ... 20
hepatitis, associated with Australia antigen ... 478
hypoglycemia ... 395
liver disease, alcoholic ... 425
melanoma, occult ... 497
mesentery, chylangioma of the ... 145
moniliasis, esophageal ... 470
